The Seminary to Ministry Study \$2.5 million over 5 years
 Role: Investigator (Carl Weisner, PI)

The Seminary to Ministry Study is a longitudinal mixed methods study of one graduating and three entering classes of Duke Divinity students. Selah Stress Reduction Intervention Study \$2.1 million over 4 years
 Role: Investigator (with Carl Weisner and Rae Jean Proeschold-Bell, multiple PI)

This study will pilot four stress reduction interventions tailored to clergy. The two or three interventions found most acceptable by clergy will be brought forward to a clinical trial with a randomly assigned waitlist control. The primary outcomes are self-reported stress symptoms and heart rate variability; positive mental health will be explored as a moderator and outcome.
